RISSI PALMER OCCUPATION: Singer/Songwriter. PET'S NAME: Jeremiah J. Palmer, 2 1/2 (Yorkshire terrier). WHERE DID YOU GET YOUR PET? Jeremiah was a 24th birthday present from Terry Johnson, the owner of my record label. His family has two of their own that I adore so much he decided I needed one as a "studio/road companion." Rissi's self-titled debut for 1720 Entertainment is attracting country fans with its beautiful love songs and danceable, upbeat tracks, including the debut single, "Country Girl." Palmer co-wrote nine of the 12 tracks on the album and says the collection is a true reflection of who she is as an artist. Upcoming shows include the Stagecoach Music Festival in California on May 2 and the CMA Music Festival Riverstage in downtown Nashville on June 8.
